AMERICANS KNUWN PATH; FEARS FELT

[Republican A. P. Leased Wire] EL PASO, Nov. 2.—American mining men who have interests in Parral men who have interests in Parral, which was reported from Chihuahua City to have been taken by Villa troops on Tuesday, are much concerned over the fate of the nine Americans known to be in Parral. This concern was increased tonight by the news from Chihuahua City that the bandits who held up the Mexican Central passenger train Monday evening at Laguna station, assaulted Dr. Steven Haffner, a German subject, because they thought he was an American. This they say, is an indication of what may happen to the nine Americans in the Parral mining district.

may happen to the nine Americans in the Parral mining district.

Mining men and ore freighters here who are theroughly familiar with the country in the vicinity of Parral, say that Villa probably moved on Parral from Santa Rossila, following the Conchos river to Pilar de Concho, a distance of forty-five miles from Santa Rosalia, and then marched south forty-five miles against Parral, entering the town from the north, which is the most accessible way, they say.

These mining men declare that the report of Villa's capture of the town verifies the report that Villa and his command had been in possession of Santa Rosalia, as it was announced

Santa Rosaffa, as it was announced that he would move on Parral from sunta Rosaffa.

Villa is said to have a grudge against Luis Herrera, the Carranza command-er in Parral, and to have declared that when he captured Purral he intended to kill Herrera with his own hands. The report of Villa's capture of Pur-ral was received here by government.

includes preparations to send her goods into every corner of China. Agents of new Japanese companies which have organized new enterprises and manu-Japanese government is at present seeking additional political rights and

hands of the Japan Foreign Trade association. Chang-tsung-heing, the new Chinese minister to Japan, as a guest of honor recently at a dinner given by some sixty members of this association spoke with friendliness toward Japan's economic ambitions in China. "No complications or collision of sentiment," he said, "between the two neighboring countries will severely affect the commercial relations between the two peoples, while the growth of commercial transactions between them is sure to sweep away sources of misunderstanding and contribute to the building up of mutual good will." He declared that the recent development

declared that the recent development of Japan's commercial interests was automiting and that it called for the admiration of the Chinese people. Members of the association suggest-ed the formation of an economic al-liance between Japanese and Chinese touriess men and among other things business men and among other things the establishment of a Sino-Japanese association and a social club of Jap-anese and Chinese as a means of pro-

moting better relations.

If the war continues for a considerable period Japanese trade already enhanced to a remarkable degree in the lines which Japan has always followed will be swelled in new directions.

of leading exporting country in the world, a place that hitherto was held by Germany. The export of toys to the United States alone was valued at 410,000 yen in the first half of 1915, but in the first six months of this year it had leaped to 1,000,000 yen or \$500,000. The total export of toys to foreign markets was 3,240,000 yen or about \$1,670,000, in the first six months of \$1,670,000, in the first six months of

this year.

The confectionery trade is also profiting by the war. Japanese sweet meats had not been exported before the war, although large quantities of for-eign-made candles were imported. Recently large orders have been received from China, Canada, Australia, India and Egypt.

and Egypt.

Lead pencils are largely exported to
Russia, as their supply from Germany
and Austria was stopped. Ladies'
combs are also largely exported to

Although Japan continues to import paper from abroad a large quantity of Japanese paper is now exported to

The most promising export to the United States, after toys, is, according to the commercial museum, artificial flowers for hair and hat ornaments. flowers for hair and hat ornaments. The Japanese estimate that about \$10,300,000 is spent every year in America
on these flowers and are planning to
build up a big export to that country
Japan realizes that the export in
munitions of war is but momentary
and is shrewdly planning for a commercial development that will prove
permanent. The new industries now
started cover a multitude of articles
which it is hoped to sell to China especially, but also to India, the South
Seas generally, and to the two
Americas.
